This is not something we do a lot so I'm not 100% sure; however, I think generally it's as simple sending Rich a note that explains that you certify all costs - include the Polrep.

Now that I think about it though there were some START costs. You might email Barbara Lee with a cc to Mary explaining that the site is done. In other words get their concurrence before you sign off.

Barbara is the POC w Cincinnati finance for oil accounts and Mary would confirm the TO close out.

Hi Harry,
I can send them the Final PolRep; Richard was cc-Ed when it went out.

How do I certify the costs?

Good morning Ben,

I have been trying to get the costs for this case for some time and now CFC is telling me they are waiting on you to provide them with a POLREP and to certify the costs.

Can you help them out so they can get the costs to me?

Appreciate the help.

Kind regards...and stay safe,

Rich
